Pneumatic Nail Puller

The pneumatic nail puller uses 4,600 bpm to quickly dig and grab under a nail, allowing for easy leverage to pull the nail from wood construction, according to the manufacturer. The tool is 10-1/4 inches long and 1-5/8 inches wide, and has an average air consumption of 4 cfm. The ProPack2 includes a scaler, chisel, and nail puller. 813-948-7488. www.nailout.com.
